

the touch sensitive panel twice in error, because the user (erroneously) thinks the first press was ineffective, then the consequences are far more damaging than during, say, typing, where the result is merely a given character being repeated twice. Particularly during electronic funds transfer, purchasing transactions, etc., every effort should be made to prevent the unintended set of second instructions being issued in error.+-.

Page 23, line 20, delete.

REMARKS

Claims 1-45 are pending in this application.

Claims 1, 15, 16, 18, 19, 27, 35 and 45 are independent.

The specification has been amended as to form and to clarify the nature of the prior art document evidenced in AU-A-28896/95 by deleting from the "Background" section, certain paragraphs and inserting those paragraphs into the "Summary" section. No new matter has been added.

Applicants respectfully request favorable consideration and the early passage to issue of the present application.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All

correspondence should continue to be directed to our below
listed address.

Respectfully submitted,

Attorney for Applicants
